

# Works Notice

September 2020

## Roma Street construction update

In September, demolition will continue and piling for the new Services Building will start at Roma Street site. Underground, the two roadheaders continue excavating the new station cavern.

Roma Street busway is expected to reopen in mid-September. Further information will be distributed in advance of the reopening.

### Demolition site

## What to expect

- Access changes to Roma Street station and temporary traffic and pedestrian changes on Roma Street and other surrounding streets. Signage will be in place to guide the community through these changes
- Increased truck movement in the area
- A potential increase in noise, dust and vibration. We are committed to making every effort to manage and minimise the impact of construction on the local community and the environment

Work is subject to relevant approvals and suitable weather conditions.
